Standard Malaysian Glove (SMG) Suspension and No Sample Procedures

Malaysian Rubber Board (MRB) has been accredited as a Product Certification Body by Standards Malaysia since 2006. The scope of accreditation is Natural Rubber examination gloves that comply with the technical specification and requirements of the Standard Malaysian Glove (SMG). As part of our continuous improvement and commitment to enhance the certification system for SMG, MRB has implemented the suspension and no sample procedures. This information circular provides general information to all certified SMG producers on the procedures that have been implemented.

1. Suspension

Certified SMG producer who fail two (2) continuous inspection will be suspended and need to take necessary corrective action within three (3) months from the date of notification and inform MRB in written. Failure to respond within the stipulated period will result in termination from the SMG program. Those respond within the stipulated period will be subjected to re-inspection/ re-sampling by MRB in order to verify the effectiveness of the correction action taken. If the result meet the SMG specifications, the producer will be re-instate as certified SMG producer. Failure to meet the SMG specifications will result the producer being terminate from the SMG program.

2. No sample

Certified SMG producer that fail to provide sample to MRB after two (2) inspections will be issued a show cause letter and need to respond within
